Dear Dr. Schaefer;

It was a great pleasure to have such a nice visit with you and again I thank you for the beautiful plant which is blooming away in my window. I am very pleased that you have this big selection of my platinum prints. The remaining 5 will be in the mail to you in a day or two.

Sometime considerably later in the year, I would like to come down to see the Center and learn more about it. And again my thanks to you for adding this group of my prints to your collection.

Very sincerely yours,

Laura Gilpin
