Dear Mr. Sheets;

Your letter of June 9 reached me on Saturday and I feel very honored that your council has selected me as one of the 3 1977 recipients of the Governor's Award. It pleases me particularly to hear from my native state, and although I have been now living in New Mexico for sometime, I am always ready to make a trip to Colorado. Also, I am gratified that you are including a photographer, especially one whose main purpose has been the so-called arts angle of photography. So it is with great pleasure that I accept your invitation for the evening of September 9. If there is any information that you wish to have, please let me know and I will see that it is sent to you as quickly as possible.

With gratitude,

Laura Gilpin
