Dear Mrs. Spiritus;

Miss Gilpin has asked me to write you regarding the silverprints that you took with you on your visit here. As you know, she has not been able to do any work for several months and the gallery could use any photographs that are available since the shows coming up are requiring her attention at this time. If these have not been sold, would you please return:

"Navaho Family with Flag"

"The Covered Wagon"

"Luke Yazzie"

"Picuris Church"

As we have received no indication of sales of these prints since October, it would be nice to have them here as we are short of work at this time. Thankyou for your attention to this.

Very truly yours,

Sina Brush-Morales
