Mr. Michael J. Warner
Director, Education Department
Museum Of New Mexico
Box 2087
Santa Fe, New Mexico

Dear Mr. Warner;

Thank you very much for your letter of April 19 regarding the return of my show. I quite understand the necessity of it coming to you directly. I did not mean to interfere with this, I was just trying to eliminate excessive handling, but of course you must check it all out and see that everything is in order. From all I have heard, the show has held up very well and it is possible that I may see it myself in June. If you will let me know when it returns, I will have space ready to take care of it. I am sure that you know that the frames are to come to me, as the Western Association of Art Museums financed all of that and I can certainly use them.

Trusting that you will find everything in perfect order, and a gain my thanks for all that you did in preparing this show.

Very truly yours,

Laura Gilpin
