Dr. Judith Wray
770 Pennsylvania Street
Denver, Colorado

Dear Dr. Wray;

It was so nice of you to call me recently; I certainly appreciated it. We discussed so many things that I realized after we had hung up the phone that I did not thank you for your slides. Somebody that evening poked me to turn around and look at the screen so I missed a few of them, but they were excellent and it was a nice idea. It was a most interesting and delightful evening with all of you in Denver and I again wish to express to you my appreciation for the honor you have done me.

Please come in to see me anytime that you are in Santa Fe. It would be a pleasure to see you then. With best wishes,

Very truly yours,

Laura Gilpin

P.S. I enclose the flight itinerary from the airline which you requested for accounting.
