Dear Miss Kilpin,

Belated thanks for your
recollections about "The Little
Medicine Man," sent in response
to my inquiry. By the way, I'm
loaning that print to a friend now
recovering from surgery. He's been so
taken with it that its presence in his
room is the best thing I could do
for him upon his return from the
hospital.

It's good to hear that you

will be able to make our big platinum
print of "Navajo Women, Child, & Lambs"
near the top of your list.

Best wishes.

John Glasse
