Dear Ms. Gilpin:

I am very sorry to hear of the confusion regarding our trip to see you in November. I was under the impression that this date had been cancelled.

I am taking the liberty of forwarding a copy of your letter on to President Schaefer and I am sure that we will be able to set up a mutually agreeable date when we can come to Santa Fe soon to see you.

I am glad you enjoyed the special report on the Center. I am enclosing herewith a copy of Issue No. 3 of the Center's publication which contains letters from Edward Weston to his friend Johan Hagemeyer about his trip to New York City and his visit with Stieglitz, Kasebier, et al. By the way, I enjoyed very much reading the interview with you in CAMERA when it arrived at the Center yesterday.

With best wishes for the new year,

Respectfully yours,
