Dear Ms. Gilpin:

I just wanted to let you know that I still hope to get to Santa Fe sometime in the spring to see you. I look forward to this visit very much.

We are presently putting the finishing touches on the Center's Strand exhibition which will open this Sunday. The exhibition contains 140 prints, including many things that no one has ever seen before. Interestingly enough, three quarters of the exhibition is Paul's work before 1946. Among the things we have are ten pre-1915 prints I borrowed from the Strand estate. They are absolutely incredible. We also have a number of other early beautiful platinums that he did, including some beautiful close-up portraits of Rebecca.

I wish it were possible for you to come to see the exhibition. I am planning to have some installation photographs made and will send you some so that you will be able to get a sense of the exhibit.

I look forward to receiving the video-tape done by Mr. Ollman after you have approved the changes.

With best regards,

Respectfully yours,
