Dear Laura Gilpin:

Thank you so much for your letter and the possibility of visiting you — for an interview, etc.

Late June takes me East on the quest for the few women who live back there. I have to stay with that schedule as I am visiting parents with grandchildren in tow — so I will be back in early August at this address, eager to plan a time to come to Santa Fe. Best for me would be August sometime, or late September, early October — at your convenience.

If you could name several possibilities that might make it easier as I want to dovetail the trip with a visit to another photographer, Carlotta Corpron, in Texas. But within these next months I shall work within your schedule. Thanks so

Best regards. Greta Mitchell
