Dear Sina:

At last I am writing to let you know that we did receive the four prints which you sent. We are so pleased to receive them and do appreciate your judgment in sending all four. We are truly delighted at our fine collection of Laura's work and are pleased at the prospect of having more. We are eagerly awaiting the other two photographs at whatever time Laura can get them done--Gothic, Colorado and Maria and Po.

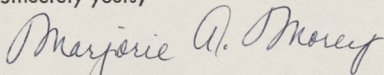

I do have a question about a silver print which was on Laura's list of September 14--Canyon de Chelly. We have not yet received the print but our check included payment for it, so whenever it is ready, we'll be happy to receive it. We did return a copy of The Prelude. Edith Rubel Trio on September 15, therefore we deducted the price of that from the total bill. According to my records now, I believe the bursar has sent full payment for all photographs which have been ordered, including the three which are yet to be delivered.

We are delighted to have an opportunity to give Laura a show here next spring. Also, we look forward to her visit in a couple of weeks.

If you need to discuss the order or payment, please don't hesitate to call me collect at 817/738-1933.

Best personal greetings.

Sincerely yours,

(Mrs.) Marjorie A. Morey  
Curator of Photographic Collections
