Dear Ms. Gilpin:

I want you to know of the safe arrival of the 26 platinum prints which President Schaefer brought back from Santa Fe. This brings our collection of your photographs to a total of 33. We are all very pleased that the Center has such a fine, large collection, and we have scheduled an exhibition of them during the month of November.

President Schaefer mentioned that you wish to place some of your Camera Work issues here at the Center. We are most grateful for the offer and I enclose a list of the issues which we already have. We would be happy to have any new issues on loan; or if you prefer to donate them, they would be tax deductible, of course.

I hope to have the pleasure of meeting you someday. I know both President Schaefer and Harold had marvelous visits with you in Santa Fe.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Terence R. Pitts", is written over the typed name.
