Dear Ms. Gilpin:

Please find enclosed the following material which you so generously loaned us in connection with WNET/13's film documentary on the life and work of Georgia O'Keeffe:

6 - photographs of Georgia O'Keeffe

Due to time limitations, much valuable material could not be included in the final film, but it was most helpful to have the possibility of drawing on your fine material.

We will alert you as to when the film is to be televised. We thank you for your patience in allowing us to keep this material for this length of time, and for your cooperation.

Sincerely,

Catherine Tatge
Associate Producer
