Dear Sina Brush-Morales,

Thank you very much for your prompt reply to my letter to the Fine Arts Museum about the Laura Gilpin prints. Enclosed is a check for \$207.50 for the following two silver prints:

"Live Oak Tree, 1946" (8x10)

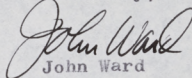

"A Santo, New Mexico, 1938" (approx 8x10)

With respect to the letters written earlier, we certainly never received anything which only goes to show that the mail doesn't always get through. In the future, please assume that we are interested and will respond. At times we are on extended photo trips so may not reply for a month or more.

As for prices, I would be very disappointed if prices were increased between the placing of an order and the delivery of the print. However, when we visited the Museum in January we were told the prices were \$100 each.

Once again, thanks for responding to my inquiry. And my wife and I look forward to these prints and "Woman, Child and Lambs" when it is ready.

Sincerely,

John Ward
