Dear Laura:

I trust the "Rio Grande" panel arrived in time to be displayed with your other prints at the Governor's Gallery.

I must say that the space on our wall where the panel hung looks very empty! We would like to produce another print of that negative for our use if you would care to send us the negative.

Laura, as I mentioned during our phone conversation, we are very much interested in doing platinum printing. You very kindly offered to send me a resume of your techniques as well as the formula you found best for this work. I would be most grateful if you would send this information, at your convenience.

Florence joins me in sending our best regards,

Cordially,

Irwin Welcher
