Dear Sina:

Thanks for your letter of the 21st. While I understand Miss Gilpin's decision about not sending us photos for our venture we are none the less dissappointed. I do not want to be a pest about this but if she decides to send us even a few (that you have already printed) then we would be very agreeable and pleased. If not we will certainly understand.

In the same mail as your letter I got a notice from the Post Office stating a registered package was there for me. So I am about to go fetch it. I therefore enclose my check for \$ 150. I will look forward to receiving the photo of the Cove Area as soon as its possible for you to send it.

Now I have three requests: 1) do you still have (small size) one of the photographs showing an Indian family with the flag in the background...this is illustrated on page 249 of THE ENDURING NAVAJO. If this is available then I would like to have one. 2). Would you be good enough to send me for my records a receipted bill for the three photographs I have already purchased: 1) Little Shepherd - \$ 200. 2) Grand Canyon- Plt print, \$500 and 3) The Picazis Church, \$ 150 and finally would it be possible to get a photograph of Miss Gilpin.

Thanks so much for your good letter. We send greetings to you and Miss Gilpin.

Sincerely,
