Dear Dorothy:

Thank you for the fine feature on Laura Gilpin. I think you succeeded admirably in capturing the artistry and the indomitable spirit of a grand old gal!

I had the pleasure of working with Laura for nearly three years while I was with Boeing. Inexperienced as I was, it didn't take long for me to gain an enormous respect for her talents and a genuine appreciation of her warmth and dedication. I'm so glad to know that she is alive and well.

Again, thanks for a beautiful story!

Sincerely,
