Dear Ms. Gilpin:

As I told you on the phone today. Your photographic prints were received in excellent condition, and they are a pleasure to see. The "Navaho Family With Flag" is one of the photos I did want but the other one you sent of Irene Yazzie with her hands on her lap was not what I had picked out while visiting your home this summer. I would like the photo of Irene Yazzie at her loom as reproduced on page 131 of T.E.N. You mentioned this will be produced from a copy negative. That will be fine with me if you cannot locate the 8 X 10 print of it we had in hand this summer.

Please advise me regarding the return to you of the print of Irene Yazzie that I received in error.

I look forward to hearing from you soon.

Sincerely,

A handwritten signature in blue ink that reads "James Broderick".
