Ms. Laura Gilpin
409 Camino Del Monte Sol
Santa Fe, New Mexico 87501
May 8, 1978

Dear Ms. Gilpin:

This is to confirm our conversation of May 3. We were most pleased that you would be interested in coming to Los Alamos to give a talk on your experiences as photographer for the Ranch School.

We realize you have a tight schedule, but perhaps we can still find a mutually agreeable date. The month of June seems to be filling up rather quickly, but perhaps you could come later in the summer or in early fall.

We would be very happy to show you our collection of your Ranch School photographs. Some of your historic photos may be useful in illustrating your talk. In fact, some of them are aging quite rapidly and perhaps you could give us some advice on preservation.

We would be most pleased to pick you up in Santa Fe if that would help. Or, if you have transportation with a friend, we would enjoy taking you and your friend to dinner before your talk.

If you have thought of another subject you would rather speak on, we would be pleased with any topic that would interest you.

We will be anxiously awaiting word from you. Again we thank you for considering us in your plans.

Sincerely,

Hedy Dunn

Hedy Dunn,
Museum Manager

Later in Summer
