Dear Laura, Lina, JB - whoever was
responsible for sending the photograph!
What a fantastic surprise!! It's up on
my wall in this old fashioned room - a
lovely reminder of another kind of country -
& all of you.

There's a woman here from Espangula - & we
both sat & stared at it for an hour -
feeling homesick!

It certainly lifted my flagging spirits, here at
the "nunnery" -

There's still 6 ft of snow on the ground &
gray skies bring more.

I'm wondering now if I'll ever get out of here -
time goes slowly here -

My love to you all & thanks for thinking of
me - hope you're all fine & fit & working hard!
Much love - Gretel
