Dear Tom;

The copy of ARIZONA HIGHWAYS came yesterday and I was somewhat surprised to find the first prints that I sent over to you. I had understood that you wished to present them all as a portfolio. I noticed also that credit is not given to the University of Texas Press for the book, which is a requirement that I am supposed to fill.

I know that it has been your policy in the past to make slides of many things that you have in the magazine and I write at once to say that there must not be any slides of mine without my permission and that of the University of Texas Press. I do not know what else you are planning to do with the other prints and I would appreciate information regarding them.

Very truly yours,

Laura Gilpin
