DEAR Ms. Gilpin,

I AM A collector of photography and A great admirer of your work, I own copies of your The Rio Grande River and The Pueblos I would very much like to have something from you to lay in each book, perhaps A note telling something About how or why you came to do each book, this would be A substitute for having you Autograph the books. If you do things like this let me thank you in advance and if not thank you anyway for the enjoyment I've gotten from your work.

Sincerely,

David Grossblatt
