Dear Miss Gilpin:

You may remember my writing about six weeks ago to tell you about our "First Annual Southwestern Contemporary Art Auction" and to invite you to be one of the participating artists.

I regret that I have not yet heard from you because I continue to hope that you will want to take part. Very soon we shall have to begin planning the actual exhibit installation and preparing the attendant brochure publication, so that if you do desire to be included, I shall need your affirmative reply by June 19th at the very latest.

As before, if you should have any question about either the auction or the preceding exhibit, please do not hesitate to contact me.

Sincerely,

Arne Hansen
