Your help, please, in updating your biography for . . .

*WHO'S WHO IN AMERICAN ART
13th Edition*

The enclosed form includes a proof of your biography as it appeared in the 12th edition. If the information is current and no changes are required, okay the form and return it as soon as possible. If corrections are necessary, please enter new information and delete those items no longer current.

Note the limitations on the amount of data allowable in specific sections and adjust the previous items listed accordingly. The exhibitions section is being expanded to include all exhibitions in major museums, plus five others. You may need to make some additions in this section.

It is the concern of the editors that too many people eligible for inclusion are missing from the directory. Your recommendations will help fill in these omissions and make this book an even more valuable reference and research tool. Guidelines and space for your nominations appear on the reverse of this letter. Attach as many additional copies as you wish.

Your cooperation in returning your questionnaire and nominations promptly--thus saving a repetitive mailing--will be very helpful.

Sincerely,

Anita Lee
Assistant Editor
