Dear Laura:

Thanks so much for the Polaroid 4x5 film you so kindly let me take from your stores. Happily, I discovered the film was good and I was very glad to have it. I've enclosed a check for the 7 sheets you gave me.

You might be interested to know that Jon Burris (Cowboy Hall of Fame Director of Photography) and I exchanged prints not too long ago; I gave him a portrait of Paul Caponigro and he gave me the very exquisite picture he took of you. When I saw that photograph of you in Persimmon Hill, I was enchanted by it, and knew I had to have a print.

I am one of the many admirers of you and your work, and hope someday to meet you under better circumstances. I wish you a speedy recovery from your cold.

Always,

Kurt Markus
