Dear Ms. Gilpin:

Yesterday I had the great pleasure to examine A monograph of the works of William E. and Arthur A. Fisher, architects, for which you did the photographs. As archivist for United Bank of Denver, I am interested in the history of the banks which formed it, one of which was the Denver National Bank, whose building Fisher and Fisher designed. Although the building is well documented in the photo files of the archives, none of the photographs are as good as the ones you took. If it is possible, I would like very much to have prints for the collection. If there are any photographs which were not included in the monograph, I would be interested in having copies of those as well. Please let me know what the cost will be so that I can begin the necessary paperwork to have a check issued.

Thank you for taking the time to consider this request. I look forward to hearing from you soon.

Sincerely,

A handwritten signature in cursive script that reads "Jerry Minkoff".
