

PS. I've had a cold/flu so
have not gotten this
off. I'll be in touch
soon. I want to plan
another trip to Santa
Fe to select + to
do another picture!

Dear Laura Gilpin

I hope that this letter finds you
well — the time passes and I work
slowly but ICP wants print sizes
so I must speed up and ask you
if the general list seems in keeping
with a tentative selection.

I will be in New York in March
to help the museum with the grant
application and I will want to
come and see you to do another
portrait without your absented
tooth! Which is better? later March
or early May? or any best time?

I want to thank you for sending
the Navaho book. I love it so.
Do let me know what I owe you
for it. Price isn't on it!!

I look back on my time in
Santa Fe and with you as something
very special. Thank you again.

Best. Greta
