Dear Laura

Thank you for your kind hospitality and generous time. It was a most rewarding visit - with much accomplished for the book. I hope that you feel the same way.

I'm now back at work trying to get articles finished as well as much classroom work before June 15th or so when I hope to send you prints and text for you to edit + approve. That will give you time while I am in the East tying up ends on the other interviews. By fall I want the Editor to have "the book" in hand in manuscript form.

Still like Eleven over Seventy for the title? Subtitle might be Lives in photography. Of course all the names are there too - all over the cover!

Much love, gretta.

hello + Thanks also to Paula + Sing
