Very dear Laura: I'm always  
thinking of you - even if I  
rarely write - so much I miss

on, and there is so little TIME!

So I hope everything goes  
well for you — and I hope  
it (EVERYTHING) goes well for  
the WORLD! — or else?

Apropos: There was a gathering  
of about 200 people — many  
from the United Nations — a day  
long session: "CHANGING GLOBAL  
CONSCIOUSNESS" — It started out  
with a 3 screen FILM — showing Planet  
Earth from the Moon <sup>from</sup> — Astronauts etc  
then people around the world — oceans  
mountains deserts etc — CITIES — etc  
WONDERFUL + FRIGHTENING — TOO.  
It may grow to an organization —  
If you are interested I'll keep you alerted.  
Well — dear Laura — blessing — love  
Barbara
