Dear Laura.

This is a fan letter. Hazel sent us a copy of the Colorado Springs magazine with ~~your~~ article of Peggy James about you and the lovely photographs. We were so delighted and so proud to know you that I decided to send you this little note to congratulate you.

It brings so many wonderful memories of the Colorado Springs we are most attached to, the Colorado Springs of the 30's and 40's... when we were not quite so old.

I treasure your pictures of our family.

I am passing the magazine on to Joanie who writes articles for Yankee Magazine New Hampshire Profiles etc. and has a great friend who is making photos for her articles.

Congratulations and much love.

Harrison and Dwight Perry.
