Dear Laura:

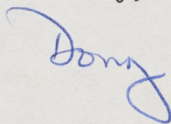

A personal note to tell you how very much I appreciate your recent gift to the School of American Research. But just as important as your contribution to the Annual Giving Drive is your personal interest and involvement in the School. It is so important for me to know that I can turn to you for assistance and advice on matters relating to the School.

We've grown rapidly over the last five years and this has produced a more complicated organization. Fortunately, however, it is one with a firm financial base, a strong program and a supportive Board. Few organizations are as fortunate.

Your part in all of this is most important to me and I look forward to working with you in the future.

Warmest personal regards.

Cordially,

A handwritten signature in blue ink, appearing to read "Doug", with a stylized flourish at the end.
