Dear Ms. Brush-Morales:

I would be glad to have the silver print (assuming that it is signed by Miss Gilpin). I referred to the print as a platinum print in my earlier letter as I am sure that the one I saw was a platinum print and I did not realize that silver prints were also available. I am certainly kicking myself now for not buying the platinum print for \$100 last April but, of course, it is the image that is most important.

If you have a mailing list of some sort, I hope you will put my name on it as I would like to be advised of any showings of Miss Gilpin's work, particularly any exhibits on the East Coast.

Sincerely yours,

Robert F. Seibel
