Dear Laura,

Please find enclosed the portrait I made of you when David De Harport and I visited you last July 21. I'm sorry I hadn't sent it sooner, but when we arrived back in Denver I had so much unfinished business to attend to that it was several weeks before I seemed to find enough time to process, print, spot, and mount your portrait. I'm very satisfied with it especially since we had lost at least two stops of light from the time we arrived to when the portrait was finally secured. You may remember we had to shoot at between 11 and 16 at a full second with the 8 $\frac{1}{4}$ " Dagor.

At any rate I'd like you to have the portrait and to thank you for allowing me the honor of taking it. Also thank Sina for her very warm reception.

I would also like to arrange for my wife and I to have our portrait made by you in the near future. We can come to Santa Fe any time at your convenience. Thank you so very much.
