

8 June 1978

1514 ARCH STREET
BERKELEY, CALIFORNIA 94708

Dear Ms. Brush:

After much deliberation, we have decided to go ahead and order the photograph you are holding for us. We think it is lovely, but are not at all sure it is the one with which Betsy Walter was so taken in 1976. Ted Rex thinks there is an 80% chance it is the same, but if not, we all agree it is similar in delicacy and balance.

Frankly, for \$500 we hope it is just the right present, but we appreciate the fact that we can return it should it not please Miss Walter in every respect. Certainly, it is the kind of photograph she loves, and since she admires Miss Gilpin's work

so much, we are sort of counting on
this to fill the bill.

Would you be kind enough to
mail the photograph by first class
mail to the following address:

Professor Walter E. Rex
287 Alvarado Road
Berkeley, CA 94705

It must be there by Monday, June 19th,
since that is the day of Miss Walter's
major celebration.

I cannot thank you enough for
all your assistance and under-
standing during these deliberations.
When June 19th is over, I shall return
the two prints to you — and I hope
not the GRs!

Sincerely,
Betsey Taylor
