Dear Sina:

Thank you for your note of November 28th. If you will have the print of Georgia O'Keefe (the one with the white pottery) printed for me and you will have Miss Gilpin sign it appropriately and indicate to me the year it was taken and under which circumstances, I would very much appreciate it. When it is ready to be sent, let me know and we will forward a check to you for this. Also, I would like to know when the new book is coming out as we would certainly be interested in getting a copy.

If you have been doing any work yourself, other than what we saw the first time around, please do let me know about it. With best wishes to Miss Gilpin.

Cordially yours,

Janice S. Throne
