Dear Ms. Brush-Morales,

Thank you for your letter about the print of "Women, Child and Lambs". Enclosed is a check for \$200 for the 11x14 gravelux print of this image. However, if it should not meet expectations--I have been thinking of this image so long in terms of the platinum rendition--I would like the privilege of returning it immediately upon receipt.

Also I would like you to keep my name on file for a platinum print if one should become available. In that case the gravelux image would be available for "trade in" as I have no interest in profiteering.

I do hope Miss Gilpin's health improves. She has always been a great inspiration in person and even through the medium of Dave Rathbun's tape recording last summer the warmth and charm were abundant

Sincerely,

John Ward
