Dear Laura:

Here are souvenirs of that memorable Gilpin Restropective. I had some extra prints made in case you wonted to send one to the fellows. I'm also sending a set to Mitchell Wilder. Sorry the one of you and Mitch isn't better, but the press of the crowd that night made it difficult to get a really good shot.

I am most interested in purchasing one of your photographs-- Fray Angelico Chavez and the cross has haunted me ever since I saw it in the show. I would appreciate you or your associate letting me know if that particular picture is available, and at what price.

My husband and I may be coming through Santa Fe this summer. I hope there will be an opportunity to see you again.

With warm wishes,
