

25 April 1978

Dear Sina:

Its hard to believe that more than one month has gone by since I received your last letter. I do appologize for the delay but I was out of town for a week on two occasions.

We have framed the pictures you sent and unfortunately the titles were covered up. However, I think and hope that my descriptions will give you a good clue to what you sent.

1. Color photo: Kiva in background...Indian woman sitting with bowl on lap...cupped hands full of grain.
2. Indian Woman standing (color photo) with clasped hand over stomach...large strands of coral beads around neck along with squash blossom.
3. Indian boy standing against tree in swamp area with many other trees....~~✓~~ black and white.

I hope this has been helpful. Price of color pictures - best I remember was \$ 100. each and \$ 150 for the B/W

We are sorry to learn that the 40% discount is no longer. I only wish we could have had one more chance to purchase a few pictures with the discount...Can you let me know in advance what black/white pictures and their sizes you could send. I would certainly appreciate a reply on this.

We had great plans to come to Santa Fe this summer for a bit. However, we have decided that after 19 years in Colorado we will make a trek to Europe. We will be over there 8 weeks and are of course looking forward to this. We return to St. Louis about the 14th of August and its still a possibility that we may be able to squeeze two days in Santa Fe in at the end of the month.

Hope this finds you both well and enjoying a good spring.. .

I will look forward to a reply concerning the photos you could send me.....

Best to you and Laura,
