Dear Miss Giepen:

The letter from Mary Sue Walsh sending me a check and requesting copies of the share which the bond was forwarded to me from Colorado Springs, but did not reach me until around the 6th. Our oldest daughter died 10 October here in Sarasota and, as you will understand, I have only today returned to an accumulated stack of correspondence.

Fortunately, I had two recent albums of photographs down here and the negs. from the Colorado College Commencement were among those present! I have enclosed the only two on the roll which

show you receiving the hood.

I am quite sure that you sent me a check for the prints I mailed to you and consequently I am returning the one enclosed.

Hope this delay has not inconvenienced you.

Sincerely,

Marty Bayce
