Dear Ms. Gilpin:

In connection with the exhibition, Recollections: Ten Women of Photography, ICP will produce one postcard for each of the women in the show that will be available in the ICP bookstore only and at the other museums where the exhibition is shown. We felt that it was important to have some small photographic memento from the exhibition as the brochure will have no pictures. The postcard will not be individually or commercially distributed.

We are very excited about the show and very sorry you won't be here with us at the opening. Thankyou so much for all your cooperation.

Sincerely,

Nellie Krakoff
Curatorial Assistant
