Dear Ms. Gilpin:

Please forgive this very tardy reply to your letter of March 27.

In answer to your question about the reversal of the end-papers in the 4th edition of THE ENDURING NAVAHO, all those sheets have already been bound. However, we have taken careful note of the error, and it will be corrected in future editions.

I offer my congratulations on your June H.L.D. degree from Colorado College. I know it must be gratifying to receive the recognition that your work so richly deserves.

Your offer of Santa Fe hospitality is particularly inviting during August in Austin. I would be delighted to visit with you and certainly hope to take advantage of the invitation if I should be in the area.

In the meantime, thank you for your continuing interest in the Press and its activities. Best wishes to you.

Sincerely yours,

John H. Kyle
Director

P. S. Are you working on any new projects?
