Just a detail from the editor. You mention your second trip to the Yucatan which is the one when you photographed Mayan Ruins. When was the first trip? Is it worthy of mention? Wasn't it in the early 1920's with a school from Colorado? I'm going to dig in my notes but it might save time for you to just use this card + mail me a reference to it or say that it is irrelevant!! The Editor is editing biographical notes + bibliographies.

thanks—

Greta.

Other question - shall I refer to Miss Forster as Miss Elizabeth Forster or Miss Betsy Forster?
