

PICTORIAL PHOTOGRAPHERS

OF AMERICA

ORGANIZED 1916

September 10, 1979

Answer

Ms. Laura Gilpin
Camino Del Monte Sol
Santa Fe, New Mexico

Dear Ms. Gilpin:

Do you remember when you were a student of Clarence White, and then participated in an organization "Pictorial Photographers of America" founded by Mr. White? You were also a regional vice president (1929), and during that period a member of the selection committee for Pictorial Photography in America Volume 5. One of your photographs appeared in each of the five Volumes of Pictorial Photography in America published between 1920 and 1929 by Pictorial Photographers of America.

The above mentioned organization is still in existence today and recognizes the contribution that you have made to photography and to society in documenting the American Indian and the Landscape of the Southwest.

It is my pleasure to inform you that we are conferring an Honorary Membership on you and welcome you back to an organization in which you were one of the earliest members.

With our best wishes for your continued good health and active participation in photography, I remain,

Sincerely,

Stuart Nudelman,
Chairman of the Membership
Committee

P.S. The certificate of Honorary Membership is being sent to you under separate cover.
