Dear Miss Gilpin:

We enjoyed your visit so much and trust that you returned safely to your home, and not too tired.

We thought you might like a copy of Professor Boyce's remarks when he presented you to the President as a candidate for the degree. The Citation as delivered by him on Commencement Day is enclosed.

It was also so nice to have Ms. Schoonover with us and we all enjoyed her so much.

I am very reluctant to ask this but we have trouble at times getting the Broadmoor to send our guests' charges directly to us for payment; if you were presented with a bill from the Broadmoor for your stay there, please send it to me immediately for payment from this office. If for some reason you did pay it, we will of course reimburse you at once. This did happen in the case of one of our guests and we want to be sure you did not pay the bill. I would appreciate your letting me know whether or not you were presented a statement for payment.

I hope the summer goes well for you and for Ms. Schoonover. We look forward to having you on campus again.

Sincerely,

*Mrs. Viola Reinhardt*

Secretary to the President
