Sept. 17, 1979

Dear Ms. Brush,

Thanks for sending the photos. I was able to do one large spread for the Sunday magazine and run one as a spot for the exhibition.

Our reception was fairly well attended. The school board president from the district covering the northeastern part of the reservation, Rev. Charles Lee, saw his father and other relatives and acquaintances in photos, and another man came in today, thinking about ordering prints. He's 82, and both his brother and father are pictured (Navajo Medicineman 1932 and Navajo Family 1950).

So the exhibit has been successful in that respect also. We sold all the 10 books ordered, and will reorder more copies.

Thanks again for the prints.

Sincerely,

Scott Sandlin
