Dear Laura:

We thought of you about the time you were receiving your degree honoris causa at Colorado College and wish only we could have been there.

One of the photographs you took back in 1937(!) is herewith sent reduced in size. It's been in publicity with your name mentioned in fairly recent months. We had a great time last March with you, the Starks, James Breakish, Farona K., the Davenport, et al. Besters, Faithfully, Claus and Jim
