

I'm so happy to have finally
met you and I hope we meet
again sometime.

Thank you again for everything

Darlene Behkedal.

Dear Miss Gelpin:

On behalf of the Arts
club, I want to thank
you for the wonderful program
you gave them. So many of the
members have told me how much
they enjoyed it, that your slides

were surprised, which they were.
They were the best I've ever
seen, and this is not better.
I go to see the National Geographic
Museum and you are very short
of the rest of them. Where you
are considered them?

I'm ordering a clipping
from the "Morning Star" which
I thought might interest you.
