

McLEAN HOME

(A Unit of the McLean Fund)

Dear Laura Gipin

I am in this nursing home because I broke my hip and it's the best place to be while it mends - There is a little girl here who wants to work for the Indians and she might get to Santa Fe - so I am giving her this letter of introduction to you knowing you could help her - She is interested in the Indians and I have told you about her "just in case"

My what a long time

has passed since I saw you!
This is a good nursing home
and very near Carol -

My best love to you,
I think of you and what
a good time you gave us, &
The boys I gave them
when their parents let me
take them West for 2 weeks
With love

Laura B Carpenter
