Dear Miss Laura,

Enclosed is information
on membership to the San Luis
Valley Historical Society. The 1970 Vol II
Quarterlies for Winter & Spring are
out; for Summer is at the printers.
The Winter Fall will follow.

Each volume is loaded with material
related to the S.L.V. which is the
Rio Grande and New Mexico; some
articles by unknown authors, some by
well known historical personages.
I know you can find the ^{Historian} useful
in your library. Thank you
for asking about it.

I walked ^{ranch} 3 1/2 miles up & down the
River on Sunday - being left stranded
without a car!! Must go back

at 4.00 P.M. one afternoon this week to catch a glittering curve of the River at that time.

Cotton woods turning gold every day — a mix of green & gold & dark trunk & branches. Bushes rose, gooseberry, are dark red. If ever you can manage one day up & back the next please Come.

A nice newsy letter from Edie.

Best wishes,

Rm. C
