

SCALEBY
BOYCE, VIRGINIA 22620

Dear Sam:

Thank you for your dear
note. I have just had a Telephone
call from Kay - operation finished,
they back in her room - air-cooled -

Thank goodness for our unbreast
heat wave has lots of people knocked
out.

Your good friendship for
my children is a delight to me -
and they both love and admire
you so much -

This ghastly attack from
such an enemy - whom we believed
conquered, has dealt us all a
heavy blow - Lucy & Kay are so happy

That it is inspiring - but
frankly The prognosis seems
bleak to me. To find one's
years probably numbered is a
sad thing - Especially since they
and Kay are so happy and devoted,
and so pouring into their boys
to have this dark cloud in their
sky seems tragic -

We can only pray for some
years ahead - happy and free from
pain -

So glad you have promised to
come here next Spring. I hope they
will share your visit with me -

Always with much love -
Barbara.

We think you are great!

July 24
