

Dear Laura—

Thanks for the wonderful visits this year—
Sorry I couldn't make it to your opening,
but I've been really busy up here in
Telluride.

All of a sudden I had almost too much
work to do for people here. And I'm
trying to formulate some sort of winter
project that will be cohesive enough
to make a show of.

The photo of of Cornet Falls here
in Telluride. One of our wonderful
natural wonders.

I'll try to get the information ~~of~~ on
the color processor to you soon. Hope
to get down your way in a month or
so

Love
Gary
